9150 EAST IMPERIAL HIGHWAY - DOWNEY, CALIFORNIA 90242 562-940-2501

DONALD H. BLEVINS Chief Probation Officer

April 20, 2010

The Honorable Board of Supervisors County of Los Angeles 383 Kenneth Hahn Hall of Administration 500 West Temple Street Los Angeles, CA 90012 **ADOPTED** 

BOARD OF SUPERVISORS COUNTY OF LOS ANGELES

#50 APRIL 20, 2010

SACHI A. HAMAI EXECUTIVE OFFICER

Dear Supervisors:

AUTHORIZATION TO APPLY FOR AND ACCEPT TENTH YEAR FUNDING UNDER THE JUVENILE JUSTICE CRIME PREVENTION ACT (JJCPA) FOR FISCAL YEAR 2010-11 FROM THE STATE CORRECTIONS STANDARDS AUTHORITY

(ALL SUPERVISORIAL DISTRICTS - 3 VOTES)

#### **SUBJECT:**

Authority to apply for continuation funding, and accept FY 2010-11 funds from the State Corrections Standards Authority (CSA) in the estimated amount of \$25,196,198. The funding, which may be modified by CSA based on the final State budget, represents the tenth year allocation.

### IT IS RECOMMENDED THAT YOUR BOARD:

- 1. Authorize the Chief Probation Officer to finalize the attached County of Los Angeles Application for Continuation Funding (Attachment I and II), submit final documents to the CSA by May 1, 2010, and make subsequent non-substantive program modifications, if needed.
- 2. Authorize the Chief Probation Officer to accept tenth year Juvenile Justice Crime Prevention Act (JJCPA) funding for FY 2010-11 estimated at \$ 25,196,198 from the CSA, and to make non-substantive modifications to the FY 2010-11 allocations if the funding amount changes when the final State budget is adopted.

- 3. Delegate authority to the Chief Probation Officer to execute any amendments or extensions to existing contracts consistent with the Plan modification for the purpose of continuing programs implemented under the Comprehensive Multi-Agency Juvenile Justice Plan (Plan) developed by the Los Angeles County Juvenile Justice Coordinating Council (JJCC), upon approval as to form by County Counsel.
- 4. Delegate authority to the Chief Probation Officer to negotiate, execute, and/or extend current agreements with various government agencies to provide services consistent with the Plan modification, upon approval as to form by County Counsel.
- 5. Authorize the Chief Probation Officer to utilize any interest or unspent JJCPA funds available in FY 2010-11 on qualifying JJCPA expenses.

#### PURPOSE/JUSTIFICATION OF RECOMMENDATION

The purpose of the recommended actions is to obtain Board approval to authorize the Chief Probation Officer to apply for and accept JJCPA funding to continue the implementation of the Plan for a tenth year. The CSA requires that an Application (Attachment I) be submitted to them by May 1, 2010. The recommended actions will also delegate authority to the Chief Probation Officer to negotiate, execute, and/or extend current agreements with these agencies and organizations to continue these efforts, as required in the Plan. In addition, the Chief Probation Officer will be authorized to utilize interest and unspent JJCPA funds available in FY 2010-11 on allowable JJCPA expenses.

The Plan is the result of a multi-agency effort of the JJCC. The Plan was originally approved by the State Board of Corrections (now known as the CSA), and implemented following approval by your Board on March 20, 2001. Consistent with CSA requirements, the JJCC has continued to meet to coordinate and oversee the implementation of the Plan. The proposed Application for Continuation Funding enhances current programs and does not include any substantive changes.

Attachment III provides a list of funding specifically allocated to other government agencies. The FY 2010-11 Plan takes into consideration a review by the RAND Corporation and Probation's experience during the past nine years as well as the proposed reduced allocation from the CSA.

FY 2010-11 JJCPA funding for Probation is estimated at \$25,196,198, however, until the Legislature sends the Governor a budget, the CSA cannot guarantee or identify specifics regarding the FY 2010-11 funding amount for JJCPA. Funding allocations may change due to population adjustments that impact the allocation formula, or legislative action on the Governor's proposed budget. Probation will make the necessary adjustments in the event of a reduction or increase in funding for

The Honorable Board of Supervisors April 20, 2010 Page 3

FY 2010-11. Attachment IV outlines the proposed FY 2010-11 JJCPA funding allocations.

#### Implementation of Strategic Plan Goals

The recommended actions are consistent with Goal #1, Operational Effectiveness, as the Probation Department continues to evaluate the JJCPA funded services based on results and Goal #2, Children, Family and Adult Well-Being, as implementation of the recommendations will enable the Probation Department to continue the coordination and collaboration of integrated services for probation and at-risk youth and their families across functional and jurisdictional boundaries.

### FISCAL IMPACT/FINANCING

FY 2010-11 JJCPA funding for Probation is estimated at \$25,196,198 pending its approval of the County's Application for Continuation Funding. In the event of funding changes, the necessary adjustments will be made to the JJCPA programs. There is no match requirement or net County cost associated with the Plan. The County must adhere to JJCPA requirements regarding the expenditure of said funds.

### FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On March 20, 2001, your Board authorized the Chief Probation Officer to finalize the Plan and apply to the BOC for Crime Prevention Act of 2000 funding, now known as JJCPA. The County's initial allocation was \$34,917,974. Senate Bill 736 (Poochigian—Burton) addresses the future of JJCPA and authorized the CSA to fund participating counties for FY 2002-2003. For FY 2010-2011, Probation's estimated allocation, pending the adoption of a final budget by the State and CSA's approval of the Application and Plan Modification, is \$25,196,198.

#### **IMPACT ON CURRENT SERVICES**

This funding will allow for the continued implementation of the Plan that addresses the critical problem of mental health needs of probationers, provides community-level prevention and intervention strategies that target high-risk neighborhoods, and focuses on achieving school success for probationers and at-risk youth. These services are currently provided through the collaborative efforts of government agencies and community-based organizations.

### **CONCLUSION**

Upon approval by your Board, it is requested that the Executive Officer/Clerk of the Board send the adopted Board Letter to:

Probation Department Contracts and Grants Management Division Attention: Tasha Howard, Director 91.50 E. Imperial Hwy, Room B-82 Downey, CA 90242

Respectfully submitted,

Calvin C. Remington

### Section 7. Board of Supervisors' Resolution

Counties selecting Continuation Funding are <u>not</u> required to submit a new resolution. A new Board of Supervisors' Resolution and in the case of a city and county, a letter from the mayor, approving the Comprehensive Multi-agency Juvenile Justice Plan is only required for a substantive plan modification and it must be mailed to Field Representative Aaron Long. A sample of the resolution follows:

BE IT RESOLVED that the Board of S	upervisors of the County o	of hereby
------------------------------------	----------------------------	-----------

Authorizes said Chief Probation Officer, or the chairperson of the Board of Supervisors to submit and/or to sign County's Application for Approval for the County's Comprehensive Multi-agency Juvenile Justice Plan and related contracts, amendments, or extensions with the State of California; and,

Assures that the County of Comprehensive Multi-agency Juvenile Justice Plan has been developed, reviewed and provided to the Corrections Standards Authority (CSA) in a format determined by the CSA.

Assures that the County of Board of Supervisors and the Juvenile Justice Coordinating Council has reviewed and approves the County's Comprehensive Multi-agency Juvenile Justice Plan.

Assures that the County of will adhere to the requirements of the Juvenile Justice Crime Prevention Act (Chapters 353 and 475 of the Government Code) regarding the submission of the Comprehensive Multi-agency Juvenile Justice Plan application or revision, investment of allocated monies, including any interest earnings, expenditure of said funds, and the submission of required reports to the CSA.

#### Section 3

On October 16, 2009, December 16, 2009, to conclude on April 21, 22 2010, the Juvenile Justice Coordinating Council (JJCC) conducted a review of all Juvenile Justice Crime Prevention Act (JJCPA) programs results and an assessed the services, needs, and gaps as reflected below:

### **JJCPA Program Review**

Methodology- JJCPA Program Review consisted of the following:

- FY 2008/2009 program outcomes
  - ✓ Big Six
    - 1. Arrest
    - 2. Successful Completion of Probation
    - 3. Incarceration
    - 4. Probation Violations
    - 5. Completion of Restitution
    - 6. Completion of Community Service
  - ✓ Program Supplemental Outcomes

The Los Angeles County current Comprehensive Multi-agency Juvenile Justice Plan (CMJP) contains 11 programs that are characterized by three initiatives.

- The Enhanced Mental Health Initiative
- Enhanced Services to High-Risk/High-Need Youth
- Enhanced School and Community-Based Services

JJCPA programs will continue to be leveraged and integrated with various countywide strategies and reforms. The integration with key reforms and initiatives enhances the opportunity to achieve a comprehensive plan of care, treatment and supervision that ultimately results in reduced recidivism. A few key reforms and strategic initiatives are: Juvenile Disproportionate Minority Contact (DMC) Reduction, Youthful Offeder Block Grant (YOBG), Education Reform, County/Citywide Gang Violence Reduction Strategy, The Title IVE Waiver and Assembly Bill (AB) 129 (Crossover Youth). These initiatives and reforms call for an integrated approach with the capacity to intervene comprehensively. Additionally, the connection between child maltreatment and juvenile delinquency continues to set the stage for interagency teams to initiate strategies and tests of change that target improvement of the many factors contributing to poor outcomes for children known to both juvenile justice and child welfare. The leveraging of resources, strategies and best practices have proven to be the most effective in reforming systems, improving communities outcomes, and creating meaningful opportunities for youth and their families. Juvenile Justice Partners agree that behavior is multidetermined through a reciprocal interplay of the youth and his or her social ecology, including the family, peers, school, neighborhood, and other community settings. Hence, when addressing delinquency, program interventions must target the multiple settings and systems which the youth is embedded. By increasing family strengths and community protective factors, there is a greater likelihood of decreasing delinquency in general and youth gang involvement and drug use in particular. Given this, a community-based plan of treatment and supervision is the most cost effective and long term solution to drive down crime producing risk factors while driving up protective factors; thereby resulting in decreasing rates of delinquency.

The Title IV-E Waiver has allowed the County to provide comprehensive services to probation youth at imminent risk of being placed in foster care or group home setting. Through the Waiver strategy, the County has increased its evidenced-based programs and services (MST, FFT, and FFP) for its probation foster care population returning home and its high- and medium risk population on the front-end.

The JJCPA model transformed and expanded the Department ability to implement evidence-based programs and initiatives. This is achieved through a comprehensive training curriculum for internal and external stakeholders that ensures fidelity and adherence to program standards proven effective for juvenile offenders and at risk youth. This will result in better services and outcomes for probation youth. Given this, JJCPA will continue to implement and expand its core curriculum for JJCPA agencies and community-based service providers that will result in an increased capacity for agencies to provide research-based services that target criminogenic needs and increase protective factors. The JJCC will seek to expand its influence and reach to include other partners and other County agencies to increase training opportunities.

Finally, the County is in the process of implementing a Countywide anti-gang strategy that will combine efforts with the City of Los Angeles' (LA) anti-gang initiatives. The County will integrate and leverage JJCPA high-risk programs, and YOBG Enhanced Education and Transition services to ensure that the appropriate level of services is available to youth and families in their neighborhood. Through this effort, the County hopes to shore-up its gang prevention strategy and resources and provide a full response to gangs and gang violence.

### The County's Priority Needs

• Develop and enhance collaborative efforts and community capacity strategies that strengthen and support the community to address violence gangs and gang violence. Los Angels Police Department reports that there are as many as 40,000 people belong to the 700 or so gangs in the city of L.A. Countywide there as many as 1,200 gangs with 80,000 members. The material cost of their criminality may be as much as \$2 billion a year; the human toil in lives lost or deformed defies calculation. Additionally, there have been some high profile gang shootings that have had racial overtones. There are some gangs, both black and brown, who are engaged in gang hate crimes, targeting children, teens, and adults.

- Truancy continues to be an increasing problem in the school and the juvenile justice system. High school dropouts are three and one-half times more likely than high school graduates to be arrested, and over eight times more likely to be in jail or prison. In a study of prison inmates, 89% had a history of truancy. There is also a direct relationship between truancy and reports of daytime crime. High rates of truancy are linked to daytime burglary and vandalism rates. In Los Angles County there were 12,672 daytime curfew citations issued last year.
- Increase home-based services that target improvement of family functioning and building family capacity to address and prevent youth delinquency. Home-based services have proven to be effective: to provide support for parent, to address the entire context of child and family functioning, to focus on improvement for parent-child interaction, to improve parental monitoring and supervision skills, and to enhance the family's social network. This is consistent with the guiding principle of promoting community-based interventions that focus on keeping more youth at home on probation and expanding evidence-based practices, interventions, promising practices, and effective services to both probation and at —risk youth and their families.
- Increase and expand literacy programs and resources for students at the middle and high school levels. A survey of youth admitted to camp in January 2008 indicated that 47% of the youth admitted had reading levels of fifth grade or below. School officials indicated that 9<sup>th</sup> graders with behavioral and attendance deficiencies normally perform two levels below grade levels and over 50% dropout before their senior year in high school.
- Improve Community Reintegration for Incarcerated Minors. The County will target its JJCPA and YOBG resources to improve both family reintegration and aftercare services for youth in Probation Camps and Suitable Placement facilities. It is anticipated that the implementation of the Title IV-E waiver will continue to enhance the capacity to provide evidence-based interventions to youth transitioning from Suitable Placement care to the community.

### Gaps in Services

The County's review of services and programs for its delinquency and at-risk revealed the following gaps in services:

- Home-Based Services (Strength-Based/Family Centered)
- Parent Support programs based on multi systemic treatment model
- Enhanced Community-Based Supervision (Juvenile Day Reporting Centers)
- Cognitive-Based interventions for High Risk Offenders
- Prevention/Early Intervention (School-Based Expansion to Elementary Schools)

- Gender Specific Services
- Substance Abuse
- Mental Health
- Educational Support & Mentoring for credit deficient High Risk/High Need Youth
- Transportation
- Truancy Prevention
- Literacy Programs
